

RUN 2 A/Cs ON 30 AMPS

SoftStartUp™ IS YOUR POWER SOLUTION

PROBLEM:

Tim's startup surge from the A/C units can **trip breakers**, leaving travelers **without the necessary cooling** on scorching hot days.

SOLUTION:

SoftStartUp reduces the startup power needed by **up to 50%**, making it possible for Tim to **run 2 A/Cs simultaneously** on a 30-amp power.

RESULT:

With SoftStartUp, Tim and his wife can now **enjoy the comfort** of both air conditioners running simultaneously.
