

# MICHAEL'S RV POWER UPGRADE!

**SoftStartUp™** IS YOUR POWER SOLUTION

## PROBLEM:

Michael struggled with tripped breakers while running space heaters and an electric kettle in the winter and running the microwave and A/C in the summer.

## SOLUTION:

Michael's dad introduced him to **SoftStartUp**. Michael immediately noticed a difference. Now, he can **balance his power** when the A/C and other appliances run together.

## RESULT:

This Product has been a **game changer** for Michael's **power management**. Michael can **now run his A/C or Heat Pump and other appliances** on low power set-ups.
